NUMBER 9

## Antioch Eastern Star to Honor 50th Anniversary With Banquet October 8

### Program at H. School Will Include Entertainment By Radio Stars

Antioch chapter No. 428, Order of the Eastern Star will celebrate its fiftieth anniversary October 8, with a banquet and entertainment at the Antioch Township High school.

A turkey dinner will be served at 6:30 p. m. and the program of entertainment provided by radio artists will be under the supervision and arrangement of Fred B. Swanson, past potentate of Medinah temple.

All Eastern Star members, their husbands and Master Masons and their wives have been invited and reservations at \$2.50 a plate are to be made with Mrs. Edith Elms or Mrs. Selma Trieger not later than Oct. 4.

Dora and Maud Sabin and Ira Simons are to be honored as the three charter members.

Those who will be unable to attend the dinner have been invited to attend the entertainment at the high school auditorium for which there will be no charge.

Mrs. Lola Badger is worthy matron and Luster Badger is worthy patron.

## F. F. A. Will Protect Wildlife in Grounds on East Side of Soo Tracks

The Antioch chapter of Future Farmers of America will again post signs around the game preserve across the tracks from the Antioch Township High school to protect wildlife.

The place is a nesting and feeding ground and the F. F. A. is hoping to conserve the wildlife there. Members are hoping the community will cooperate in this project.

The club at its monthly meeting Tuesday received several new members as "greenhands". They are John Eiders, Robert Ensign, Gordon Heuer, Dave Mirocks, Robert Seckatz, Everett Wells, Robert Misk, Chase Millsop, Jack Vos and Donald Shank.

Donald Schultz was selected sentinel for the year.

Mr. Wickert, advisor, reported that the Antioch boys won \$61.62 in the sectional livestock fair this summer at Woodstock. Gordon Wells won the most premium money with his purebred Hereford sow.

## Vacation Travel Increased Ten Per Cent for Illinoisans

Illinois motorists scored their heaviest season of summer vacation travel in history as they exceeded by more than 10 per cent the previous all-time record motor travel during 1948, Charles M. Hayes, president of the Chicago Motor Club, reported today.

Routing requests of the Chicago Motor Club's touring bureau increased 10 per cent over last summer. Complete tabulations for August are almost certain to boost the average increase for the entire summer to 15 per cent.

Lengthy motor trips by Illinois residents to destinations averaging 1000 miles also rose sharply, as reflected by an increased summer attendance of 25 per cent at National Parks. During the month of July motoring visitors at National Parks were 51 per cent more than during July a year ago, the previous all-time record month.

Motorists also visited Canada and Mexico in greater numbers than ever before. Automobile entries into Canada were 13 per cent above 1948.

### Cub Scouts at Eight Years

Eight-year-old boys in the Antioch area were reminded today by T. R. Birkhead that under the new plan they are eligible to become Cub Scouts. They are urged to be present Friday night along with other boys from 8 to 11 years at the Scout House at 7:30 o'clock to register so that dens may be formed.

Boys reaching 12 years of age are also to be present that night to be promoted to Scouts.

### Lake Forest Vs. Beloit

Lake Forest College will open its football season at home Saturday against Beloit. It will be Parent's Day.

## Parents Hear Discussion Of High School Matters

Seventy persons, mostly parents of freshmen, were present at the Antioch Township High school Wednesday evening, Sept. 21 in hearing a discussion on school matters by Principal T. R. Birkhead and his assistant, E. W. Edwards.

Principal Birkhead discussed the history of the school, size and scope of the district, subjects taught, extra Curricular activity, athletics and physical education, the grading system and report cards, attendance and the cafeteria. Mr. Edwards discussed transportation.

At the close coffee and doughnuts were served.

## Workmen on New Water Main on Hillside Find Uncharted Main at 59

There was a surprise ending to the laying of the new water mains on Hillside street this week.

As the workmen approached the intersection of Rte. 59, Lake St., they came upon the 6-inch transverse water main—sooner than they expected. The line which they planned to connect to was under Lake St., they thought, but investigation showed that this line was only a 4-inch branch.

Why the main line was laid under the fronts of the properties, Walter T. Scott, superintendent, is at a loss to know. He doesn't know yet just how he will find out for the pipes are too deep to use an available detector on.

The connection with the 6-inch main will be made.

It is hoped that the job will be completed and tests made before the next village board meeting on Tuesday.

## Grass Lake School Will Apply 40 Cent Levy to Get State Aid on Debt

Frank Ballwanz, secretary of the Grass Lake school board, has indicated he will apply the 40-cent school levy to take advantage of state aid in wiping out an old debt of \$7,870 on the school building.

The levy which includes current expenses and the debt will total \$17,000.

His decision followed a public meeting last Thursday night at the school in which a majority of those present approved the move as a temporary matter, according to Nathan Galloway who served as moderator.

Ballwanz read a report on the cost of the new building and its equipment which had an over-all expenditure of \$136,148.13.

The building and its direct costs were \$133,882.53 broken down as follows: Building, \$119,167.64; property, \$4,474.50; architect, \$7,170.05; insurance, \$248; attorney fees, \$375.80; well, \$1,193.50; septic tank, \$400; light pole, \$68.49; builder's indemnity, \$200; pump, \$464.50; and survey, \$50.

The bond issue was for \$130,000. Ballwanz said that he would follow the policy of having public meetings on questions of this nature and that whenever the people wanted a reduction he would follow their wishes. The increased levy is to be for one year.

## Christian Anderson, 64, Fatally Injured in Fall At Loon Lake Cottage

Christian Anderson, 64, Chicago, fell from a 12-foot ladder at his summer cottage on the east side of Loon Lake and died Sunday at Victory Memorial hospital in Waukegan.

The elderly man fell on his head and it is believed his neck was broken.

Members of the Antioch Rescue squad took Anderson to the hospital by ambulance.

Anderson was superintendent of a dental supply firm in Chicago. He is survived by his wife, Eleanor. The body was taken to Chicago for burial.

### Milk Sales \$43,154.05

Lake county dairy farmers received \$43,154.05 for milk delivered to Bowman Dairy Company receiving stations during the month of August.

## Daniel S. Boyer, 64, Lake Villa Citizen Dies Following Short Illness

### Served Johns-Manville Cp. 35 Years; Planned to Run For Legislature

Daniel S. Boyer, 64, of Cedar Crest Acres, Lake Villa, widely known throughout Lake county, died Tuesday at Victory Memorial hospital in Waukegan, where he underwent an operation for appendicitis just a week previous.

He seemed to improve following the operation but the day before his death he suffered a relapse.

Mr. Boyer's death occurred on the eve of his retirement as sales executive of the Johns-Manville Corp. with which he had been associated 35 years.

Friends said that through his interest in politics he had planned to announce his candidacy for state delegate on the Republican ticket in the 1950 elections.

Emmett F. Day, Johns-Manville industrial relations manager, said the firm "has suffered a great loss. He had a host of friends in the factory organization here."

Born June 1, 1885, on Chicago's northside, Mr. Boyer entered business as a salesman after attending Howe military academy in Howe, Ind.

He joined Johns-Manville in Chicago in 1914, subsequently coming to the Waukegan plant as Midwest territorial representative for building products. He was to have retired next July 1.

"He was one of the oldest from point of service in the building material business regardless of company," Day commented.

Active in Lions Club Mr. Boyer was past president of the J-M Quarter century club in

Chicago, past president of the Lake Villa Men's club, was active in the Antioch Lions club, and was a member of Lake Villa Methodist church.

He was married to the former Bessie Griffith in Chicago in 1908.

Besides his wife he is survived by a son, Richard, of Chicago; a daughter, Mrs. William Janisch, Barrington; a brother, Harvey L., Chicago; and two sisters, Mrs. R. W. Matteson, of Cincinnati, O., and Mrs. Marie B. Thrall, Chicago.

Funeral services will be held at 1 p. m. Friday in the Strang chapel, with burial in Angola cemetery, Lake Villa.

## Mrs. Helen Volk Gives Lesson for Home Bureau

The Antioch unit of the Women's Home Bureau met at the home of Mrs. John Heick Wednesday afternoon. After a dessert luncheon the meeting was opened by Mrs. Anton Novak, vice president.

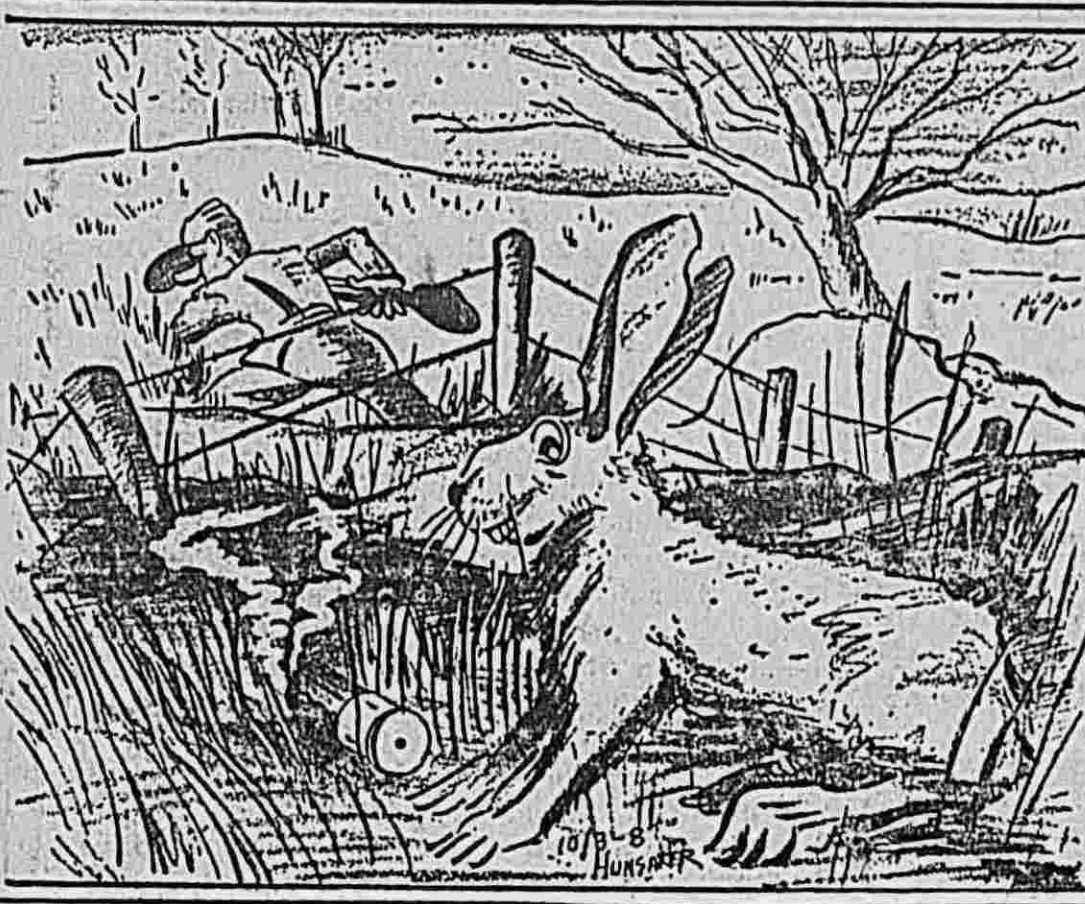

Mrs. Helen Volk, home adviser, gave the lesson on New Trends in Fabrics and Fashions. The minor lesson was on textile painting. A very interesting movie was shown on the manufacture of nylon and its many uses.

Mrs. George White, of Hebron, a former member and also a charter member was present. Twenty-five were present. The next meeting will be held at the home of Mrs. Harry Lubeno, at Trevor, Wis.

### Police Radio on Air Saturday

Lake county's new police radio network will go on the air Saturday if the equipment arrives in time, Harry Quandt, radio technician in the sheriff's office announced. The station is at Libertyville. Only sheriff's squads will be tuned in on the new radio Saturday, but eventually equipment rented to the cities and villages will be tied in with the station.

### DADDY'S GONE A-HUNTING

## A&P Co. Observes 90th Anniversary in Face of U. S. Anti-Trust Charges

Observing its 90th birthday here this week, Sept. 26, Oct. 1, the A&P Food stores system is celebrating by doing "business as usual" while mustering its defense against anti-trust action which threatens to shatter America's foremost food retailer.

"The Great Atlantic & Pacific Tea Company was founded in 1859 by George Huntington Hartford, whose memory we revere this week," said D. B. Austin, president of the middle western division of A&P, whose offices are at 2622 North Pulaski Rd., Chicago.

"Mr. Hartford founded more than a system of food stores; he founded an American tradition of providing good food at the lowest possible prices for our six million daily customers. Actually, A&P pioneered a whole new field of economy in the United States, with direct transaction replacing out-moded, multi-handling methods and needless costs," continued Mr. Austin.

"We have made it standard practice to pass our savings along to our customers," he said. "At no time has anyone, government or anyone else, accused A&P of hiking prices. Just the opposite! We would not have had any of this trouble if instead of lowering prices we had raised them, and pocketed the difference."

In the 90-year history of A&P, many changes have been effected in American eating habits, he said. Midwesterners now may enjoy fresh seafood; citrus crops from Florida and California contribute to the health of children in the north and east; other one-time rarities are additions to every day diet now in scores of regions—all because of streamlined and efficient distribution.

## Antioch and Northbrook To Tangle Tomorrow; Barrington Won 19-0

Antioch High will journey to Northbrook Friday evening with a determination to make up for their loss on the gridiron last Friday night to Barrington with a victory this week.

Barrington, last year's conference champions, walked off with the long end of a 19 to 0 score.

The visitors scored twice in the first quarter while the Sequoits were getting their bearings. During the second and third quarters the Antioch boys held them on even terms and it was only in the fourth quarter that the Broncos were able to score again. They only converted once. The score at the half was 13 to 0.

Coach Maurice Kruzan was quite heartened by the way in which his boys rallied Friday night. Barrington had the experience of a previous game and the newness of play was worn off. This, the Sequoits lacked.

Practice this week was in line play where the local team showed up quite weak.

There were no serious injuries in the last week's game and the team should be in good condition for tomorrow's game.

Coach Warren Polly is conducting scrimmage for the Freshman-Sophomore team in readiness for the opening game with Grant Monday afternoon, Oct. 3.

Sponge Now Called Linder's Harry Linder and Rene Kelly have announced the grand opening of Linder's Cocktail Lounge and restaurant, formerly the Sponge, south of the village on Rte. 21 on Saturday.

## Rescue Squad Fund List Of Givers Continues to Grow as Services Climb

Gifts for the Antioch Rescue squad fund continued to pour in during the last two weeks, according to reports of the committee in charge. Each new service of the squad is a silent reminder to the people of this area of their indebtedness to the organization which serves without pay.

Names added to the list this week are:

Christ Soam, John Zabran, Louis and Marion Horak, Frank Walsh, John T. Gleason, Christof J. Roeschlein, The Great Atlantic and Pacific Tea Co., E. W. Kufalk, Dr. Frank Keefe, Mr. and Mrs. Frank Paglusch, Mr. and Mrs. J. E. Dompke, G. Erickson's Tavern, Marie Kutz, Henry R. Stott, Vernon Rogers, Albert Warner, Mr. and Mrs. Kenneth Long, Paul Schulz, C. W. Pfleger, Ray Kriz, Mr. and Mrs. W. E. Schroeder, Mr. and Mrs. R. F. Loomis, Lindy's Soda Bar, and Laurence H. Armour.

Huntley Lake Community Assn., Jack and Lucille Thornton, Isaac Swanson, John Mizzen, R. A. Kasparek, W. H. Baethke & Son, Jerome J. Vohaska, C. A. Westling, W. E. Cooper, Mrs. Emma Selter, Henry Paulson & Co., C. P. Petty, Sherwood Park, Mrs. Emily VanPatten, Villa Rica Club in Memorial to Mrs. Emma Shotola, Villa Rica Club of Loon Lake, Eunice C. Jiranek, Mr. and Mrs. F. O. Hawkins, Margaret M. Perkins, Mr. and Mrs. R. Wicken, Martin Furlan, Mr. and Mrs. D. Rotchford, Walter Dibble, Camp Lake Oakes Imp. Assn., Mr. and Mrs. Ben Burke, Arthur F. Weber, and Mrs. Otto Ruge.

W. C. Petty, Wells Fwdg. Co., Inc., Louis Nielsen, Andy and Irene Gudenas, Chas. A. Coda, Loren D. Sexauer, Mr. and Mrs. E. P. Dressel, H. A. Straub, W. V. Lahti, Walter F. Hageman, Mr. and Mrs. R. Schramm, John S. Reesman, Otto Kerner, Jr., Wm. E. Brandt, H. A. Lubeno, Venetian Village Civic Assn., Slide Inn, Mr. and Mrs. E. R. Lubkeman, Mr. and Mrs. Ward Anderson, Regal China Co., O. I. Onstad, Mr. and Mrs. Earl C. Pitman, Sunside Imp. Assn., Bluff Lake Lodges, Inc., Mr. and Mrs. Chas. Kelly, William Stein, Herman Hess, Sr., Mary Faltyn, and Mr. and Mrs. Joe E. Horton.

Mrs. Dorothy J. Tague, John Yucus, Wm. Yucus, Alfred V. Lawton, C. V. Hunter, Mr. and Mrs. Frank Leable, Mr. and Mrs. Philip Leable, Mr. and Mrs. A. J. Pedersen, Mr. and Mrs. Al Pagels, Walter T. Larsen, Antioch Lbr. & Coal Co., Dr. and Mrs. C. P. Tossey, Ernest L. Simons, Mrs. Ida Shunneson, Crown Stock Farms, Emil F. Hallwas, B. C. Thompson, Louis Votocka, John Bay, Mr. and Mrs. Roy E. Burdick, Mr. and Mrs. Hans Von Holwede, Carl Hughes, Harold Shean, Mr. and Mrs. George E. Good, Mr. and Mrs. Gordon Bonner, R. W. Brunfield, Mrs. Mabel T. Jones, Bernice Reisser, Edward Gresens and Mr. and Mrs. A. W. Wertz.

Jeannette Schumacher, Veterans of Foreign Wars Sequoit Post No. 4551, Mrs. E. Dohse, Mr. and Mrs. Frank S. Royer, Mrs. Wm. Rassbach, Women's Club of East Loon Lake Shores, Herbert Carmack, H. Melgaard, F. A. Richards, Mr. and Mrs. W. A. Gifford, Chas. Atwood, Ann Buchta, Paul Brinkman and Mrs. Clara Wilton.

### NOTICE

The Antioch village water supply will be shut off at 12 midnight Friday, Sept. 30, until 3 a. m. Saturday, Oct. 1, for the making of valve repairs according to Walter I. Scott, superintendent.

## County Hwy. Workman Struck, Killed by Truck Driven by Millburn Man

### Charges of Manslaughter to Be Filed Against H. M. Clark, Driver

The Antioch Rescue squad was called Friday afternoon in giving first aid and taking Carl Rasmussen, 41, Barrington, to the Victory Memorial hospital after he had been hit by an oil tank truck driven by H. M. Clark, 53, of near Millburn on Loon Lake rd., Friday afternoon.

Rasmussen died just as the ambulance reached the hospital.

Clark, a resident of Rte. 45, was treated for cuts and bruises at the Lake County General hospital. Attendants there said they detected liquor on his breath.

He will be charged with manslaughter.

Clark's truck struck Rasmussen while he was sweeping gravel from the highway near a curve in the Millburn-Loon lake rd. three quarters of a mile west of Millburn. After hitting the workman, Clark's truck struck the county highway dump truck at the side of the road, but Clark continued on home, it was said. Another county workman, Wayne Mitchell, witnessed the accident.

## John Lippert Suffers Spine Fracture in Car Accident Near Superior

John Lippert, 60, of 774 N. Main st., suffered a spinal fracture and Jerry Jarolimek, also of Antioch, received minor injuries when the car driven by Jarolimek left U. S. Highway 53 near the junction of U. S. Rte. 2, near Superior, Wis., Monday afternoon.

Jerolimek lost control of the car when it struck a puddle of water and skidded off the pavement, rolling over into a ditch. Both men were thrown from the car. Lippert was taken to St. Mary's hospital where his condition was described as "fair".

He is one of the highly skilled pottery makers at Pickards, and he and Jerolimek were said to have been on a vacation trip to International Falls, Jarolimek arrived home yesterday.

Mrs. Lippert left Antioch immediately to be with her husband. It is believed that it will be about two months before he will be able to return home.

## Annual Farmers' Institute Friday at Lake Zurich

Lake Zurich—The annual Lake County Farmers institute will be held in Ela Township High school tomorrow, Sept. 30, with Mrs. H. C. Carlson, Des Plaines, speaking on "Button Romance."

Dr. W. G. Kammlade, University of Illinois college of agriculture, will be the evening speaker.

The home economics program will open at 1:30 p. m. with Mrs. Carlson speaking at that time and W. C. Petty, county school superintendent, in charge of the entertainment for the grade school children.

At 3 p. m. Ela Township High school will play Lemont in football. The evening program will start at 8 o'clock with the speech by Dr. Kammlade supplemented by music by the Ela high school band directed by Paul Stone and a special feature by the Barrington High school square dancers.

William C. Webbe will preside as head of the institute.

## Richmond Also Served by Acting Village President

Richmond, Ill. is again served by an acting mayor.

George Weber, who was elected president of the village board last spring to replace Arlie Pickering, has left the village and in doing so handed in his resignation. Frank Buchart, trustee, was appointed president pending an election.

Weber has been sued for divorce by his wife, the former Helen Parsons, after more than 20 years of marriage.

### Trap Shoot at Pregonzer's

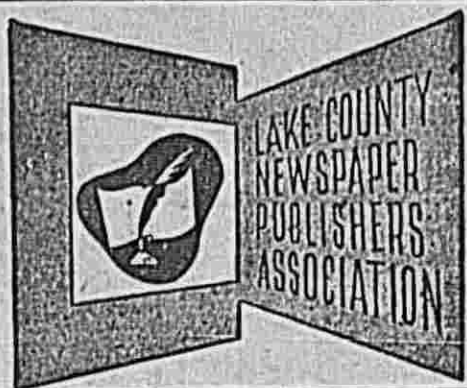

The second annual trap shoot was held today at Pregonzer's resort under the sponsorship of the Lake County Tavern Keepers' association. The event started at noon.

## A Lesson Well Learned

A short time ago an explosion followed by fire occurred in the largest hospital in Evansville, Indiana. Within 15 minutes all the 250 patients were evacuated. Not one, including 39 new or expectant mothers, was injured.

This happy sequel to what might have been a disastrous fire wasn't the result of blind luck. The hospital authorities had learned a lesson from the Effingham, Illinois, fire which killed 75 people. They had worked out and practiced a fire drill and the staff was ready to handle an emergency evacuation smoothly and swiftly.

Every hospital in the country should learn the same lesson, and act upon it as the Evansville authorities did. A hospital fire can be one of the most ghastly tragedies conceivable. Some time ago, the National Board of Fire Underwriters announced a hospital fire safety inspection program that has aroused an enthusiastic response. This work, which will take about 18 months to complete, will cover some 6,000 hospitals in the United States, including state, city and privately owned and voluntary hospitals of all kinds. The services of more than 950 inspectors and engineers have been made available by fire insurance companies alone. The inspections will be made entirely as a free public service, without regard to any commercial aspects of the fire insurance business.

Every hospital will want to take advantage of this fine program. And, in the meantime, every hospital should plan what to do in case of fire—and carefully rehearse the staff in how to carry it out.

## At The Fair

During the last month or so, state and county fairs have been held throughout the length and breadth of the country. These fairs are a great American institution that has its roots in the pioneer days. Everybody, spectators and contestants alike, has a great time at the fair.

Livestock is always a leading attraction. The magnificent animals are surrounded by hordes of fascinated onlookers. And the meat animals of the present represent a great advance over those of the past. Through selective breeding and scientific feeding, animals producing quality meat have been very materially improved.

The farmers and ranchers of the United States, aided by the agricultural colleges and county agents, have worked hard and effectively to build the great livestock industry—which, incidentally, brings the farmer much more cash income than any other crop

or product. They have been substantially helped in this by the 4,000 packers serving the nation. The packing industry has a very direct interest in the quality of livestock. The top grades naturally have the readiest market—and the market which is most profitable from agriculture's point of view. These grades also provide the highest proportion of dressed meat in relation to the live weight of the animal.

Every fair offers a thousand enticements—from the hot dog stand to the harness races and the cooking contests. The livestock exhibits are one of the oldest and best.

## The Difference

A news article, dated from Paris, in the New York Herald Tribune, tells of the findings of two Norwegian trade union delegations which recently made a first-hand study of American and Soviet living standards.

To buy a kilogram (2.2 pounds) of rye bread, wheat flour, or sugar, the survey found, the American working man needs only nine to 12 minutes of production time. The Soviet worker in the state steel and food factories must work from half a day to two days to earn the money. To buy a kilo of beef, the American worker puts in about 70 minutes at his job—and the Russian five days!

This is typical of the difference between a free economy and a regimented economy. In Russia, for instance, workers must patronize state-owned retail stores. Everything is strictly rationed—save for some luxury goods which are far beyond the means of the masses, and can be bought only by the elite—and the state fixes the prices. There is no competition as we know it.

In the United States, by contrast, the consumer can go to any store he wants—a chain, an independent, a specialty shop, etc. If he doesn't like the price, the quality, or the service, he walks down the street to where he will get a better bargain and better treatment. Every merchant is out to get his business.

Retailing is just one good example of why our living standards are so high. It is typical of our whole economic system. Only a free economy can produce the abundance for which America is fabulous.

## The Low Down From Hickory Grove

An Agriculture Dept. Bureau reported last week that it had surveyed the buying habits of housewives re. rice and beans. And knowing everybody is almost breathless for the answer, I hasten to tell you. Housewives prefer, the Bureau says, to buy their rice and beans in open-window packages or cellophane. And that is a good sample of the fumididdles the citizens of this fair land are paying for—it adds up to big dinero.

Another sample of Bureau carryings-on are the boys who say that us citizens, above everything else, must be provided with Govt. kilowatts. Most good citizens don't have time to study kilowatts or know too much about 'em, so the Govt. boys go to town with their rosy picture of Sambo turning on the lights. But when you analyze things and try to deduct why any place is handicapped on account of not having Sam Old Boy in the power house, and you look at places like Chicago, and New York, and Philadelphia, and San Francisco, and Boston, and Saint Louis, you scratch your dome, and wonder. None of these big and prosperous cities ever needed to have the Govt. tinkering around in their power houses.

That is a kind of new angle, says Henry. Thank you, I says.

Yours with the low down,  
JO SERRA

## LAKE VILLA

Next Sunday is World Communion day and will be celebrated at the Community church by Dr. E. J. Kulp, of Lake Bluff, who will occupy the pulpit on that day. All are welcome.

Rev. T. E. Rodd has been transferred from the Community church to the Methodist church at Clearing, near the Municipal airport and will preach there next Sunday. We are sorry to lose the parsonage family.

Mrs. Warren Brown is director of the Junior choir and 16 boys and girls from third to eighth grades reported for rehearsal last week. New members are welcome.

Mrs. Rodd, Sr., of Marion, Ill., was guest of her son, Rev. T. E. Rodd and family at the parsonage a few days last week.

The next meeting of the W. S. C. S. will be held at the church basement on Wednesday, Oct. 5, and will be the quarterly pot luck dinner for July, August and September birthdays of members and friends. Dinner at 1 o'clock or earlier, followed by business meeting at 2 p. m. Visitors are very welcome. Mrs. Clara Perry is chairman of the devotional period.

The regular monthly card party will be held at the Masonic hall at Milburn on Saturday, Oct. 1, at 8

# Why Do They Want to Put A&P Out of Business?

The answer is to be found in the formal complaint "they" have filed with the court. By "they" we mean, of course, the anti-trust lawyers from Washington who are out to destroy A&P.

They say . . . and these are the anti-trust lawyers' own words . . . that we "have regularly undersold competing retailers."

## To this charge we plead guilty:

We confess that for the past 90 years we have constantly stepped up the efficiency of our operations in order to give our customers more and more good food for their money.

The American people have seen nothing wrong in this. By their ever-increasing patronage for 90 years they have shown that they like this low-price policy.

Apparently the people still see nothing wrong in this today. All during the past week — since the anti-trust lawyers made their charges — we have been deluged with phone calls and letters from men and women in all walks of life who want us to know they are opposed to this effort to put A&P out of business.

An enormous number of customers are telling our store managers and clerks that they want to continue to enjoy our low prices for quality foods.

Farmers and other suppliers are asking what they can do to preserve this efficient outlet for their products.

Our 110,000 employees are asking us to protect their jobs and pensions.

Labor leaders are wiring us their opposition to this threat to labor's living standards.

If all these people will be hurt, why then do the anti-trust lawyers want to put A&P out of business?

## Low Prices Don't Hurt Anyone

The anti-trust lawyers say because we are able to sell food cheaper than other grocers, we make it impossible for those grocers to compete with us.

If this were true, we should have all the food business in the United States by this time.

Just the opposite is true. In 1933 we had 11.6 per cent of the nation's food business. Now, according to the anti-trust lawyers, our share has decreased to 6.4 per cent in 1948. Anyone can see we have nothing even approaching a monopoly.

As a matter of fact, there are about 30,000 more individual grocers in business today than there were ten years ago.

There are about 275 more food chains in business today than there were ten years ago.

In other words, we have more competitors in the food field and do a smaller share of the nation's food business than before.

Where is this alleged destruction of other grocers? Where is there any evidence of their inability to compete with us?

## Do You Want Higher Prices?

As anyone can see, the only purpose that would be served by putting A&P out of business would be to raise food prices.

Who would this benefit?

We were the first merchants to set the pattern for low-cost, low-profit distribution. Our example and our competition has led other grocers to keep their prices down.

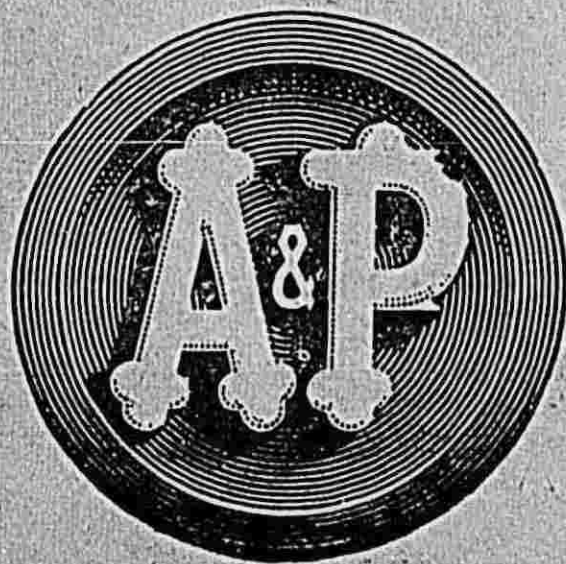

Remove A&P from the picture and food prices are bound to go up.

Remove A&P from the picture and the way will be cleared for the destruction of every other efficient large-scale distributor.

Is this what the American people want?

Is this in the public interest?

THE GREAT ATLANTIC &

PACIFIC TEA COMPANY

## MILLBURN

World Communion Sunday will be observed at the 11 o'clock church service, Sunday, Oct. 2, with appropriate sermon by Rev. L. H. Messersmith.

Baptismal services were given for Kim Nelson Martin, 5½ month old son of Mr. and Mrs. Donald Martin, of Winthrop Harbor, at the church service Sunday, Sept. 25. Sponsors were Mrs. Arlean Madden and Edward Jonakus.

The October committee of the Ladies Aid Society will serve dinner cafeteria style at the church Thursday, Oct. 6 at noon. Business meeting will be held at 2 o'clock when plans will be completed for the annual bazaar on Nov. 4.

Rev. and Mrs. Messersmith have just completed their seventh year in the Millburn parish. During these years, they have taken many color pictures, and to celebrate this 7th anniversary here, they are inviting all who care to come to the church Sunday evening, Oct. 2, when Rev. Messersmith will show many of his best pictures both still and movies. Light refreshments will be served following the pictures.

Rev. L. H. Messersmith officiated at graveside services Tuesday in Millburn cemetery for Carolyn Ruby Ensign, infant daughter of Mr. and Mrs. Howard Ensign.

The regular monthly card party for the benefit of the Masonic Building fund will be Saturday evening, Oct. 1, at 8 o'clock.

Mr. and Mrs. Tom Cosgrove, of Chicago, and Mr. and Mrs. Oscar Neuhous spent Sunday with Mrs. Helen Christiansen at Union Grove.

Roy S. Karr is spending three weeks with his brother and family near Empress, Alberta, Canada.

Harold Bonner returned to East Lansing, Mich., Sunday, after two week's vacation with his parents, Mr. and Mrs. Will Bonner.

Mrs. May Lucas was hostess for a Better Brush demonstration and party at her home Friday evening. Twenty ladies were present for the demonstration given by Mrs. Clarence Crowcroft of Des Plaines.

Mrs. Eva Alling, of Waukegan, was a caller at the Frank Edwards home Sunday evening.

Mr. and Mrs. J. Kaluf and Mr. and Mrs. Frank Edwards were guests at the John Edwards home in Libertyville Saturday evening to celebrate Susan Edwards' third birthday anniversary.

Mr. and Mrs. F. C. Semrow, Sr., and Mr. and Mrs. F. C. Semrow, Jr.,

and daughter, Susan, of Milwaukee, spent Sunday at the W. C. Up-ton home.

Mr. and Mrs. Carl Messner and son and Mr. and Mrs. William Goel-lner, of Chicago, spent Sunday afternoon at the Herbert Messner home.

Mrs. Will Bonner and son, Harold, spent Thursday and Friday with their cousins, the Dodge sisters in Peoria.

Mr. and Mrs. Hart Webb, of Kenosha, and Mr. and Mrs. Curtis Wells spent Sunday afternoon at the Savage home.

## Tide Helps Congregation

At Englehard, N. C., on US 264, stands a church which got there with an assist from nature. The congregation of Providence M. E. church sought to buy a lot upon which to build a new edifice, but the owner refused to sell. A storm came up, spilled Pamlico Sound over into the town, the tide picked up the old church building and deposited it on the real-estate man's disputed lot. Believing this to be an omen, he promptly deeded the property to the church. . . free. The old building now stands behind the new brick one.

DRIVER'S LICENSE  
\$11,000!

Fantastic price? Not at all. You might have to pay it! If you have an accident in one of the 40 states with new, strict financial responsibility laws, you might be required to post this sum in cash or security. Failure to do so could cost you your driver's license. Why not let State Farm Mutual give you the best proof of such responsibility—FULL COVER-AGE auto insurance? Our lower rates make it an extra-sound investment. Call or come in today.

## SHORT STORY

## Magic Month

By DYER WILSON

HELEN AND ANDY weren't laughing. They were sitting in metal chairs which were placed at right angles to each other, instead of side by side on the glider, and the glow in their eyes was replaced by anger.

"The trouble is you have no ambition!" Helen was saying as her wide set gray eyes flashed signals, "You act lazy!" The long curls were given a toss as she got to her feet.

## 3-Minute Fiction

Andy got up too. He gave her the one sided smile he'd brought home from war with him and shrugged his heavy shoulders. Andy had blond curls, too—tight to his well shaped head and the merriest of hazel eyes. "You can say that again," he told Helen, "I act lazy, do I?" He thought: Well, that's that and I'll re-enlist and get as far from Hyville as possible.

When he got home the radio was playing jive and he wound one leg over the other and sat in the big green chair beside it. His mother came into the room and said, "aren't you going to look for a job today, son?"

As he worried for an answer the announcer interrupted the program to tell about a soap contest. "Five hundred dollars for first prize," he said, "just tell in twenty-five words why you like Sudzy-Soap best!"

"I'm trying to think up an entry for the contest, Mom," said Andy directing his hazel eyes up and grinning like an imp, "only I'll have to have the wrappers from three bars of the darned soap."

Andy Tyson tried not to understand that she inferred he had wasted too many afternoons. He made great work of wording his entry and addressed the envelope for mailing.

Habit turned his steps into the corner store where the fellows laughed and teased him about his entry. Half angry again he hurried out of the place and tossed the letter into the near-

In the three weeks that went by he didn't go near Helen nor did he look for a job. One day slipped into the next and a laxness seemed to hold him tight. He was marking time and getting more dissatisfied with every passing hour.

THE NIGHT, a day later, when he got home to find excitement in the very air and Mom holding out a telegram he ripped it open and nearly passed out. SUDZY-SOAP IS PROUD TO ANNOUNCE YOU WINNER OF FIRST PRIZE. STOP. LISTEN TO USUAL SATURDAY PROGRAM. STOP. CONGRATULATIONS.

Next day Andy got a job. It was really easy. He felt so good — so proud of himself and ready for anything that came along he just went right after the mechanics job he

saw advertised in the morning paper.

Saturday night the whole family gathered for the radio program telling of the contest and the winners.

He ripped the telegram open and nearly passed out.

"But I didn't win," Andy said helplessly when the program was over, "they didn't mention my name and that Robert-Amherst won the five hundred dollars."

The door bell interrupted Andy and when the messenger boy gave him a telegram he glanced at it and ripped it open. "HOW DID IT FEEL TO BE A PRIZE WINNER FOR A FEW DAYS? STOP. THE BOYS."

Andy was half way out the door when Helen caught up with him, "where you going?" she asked. "I'll bust those guys in the nose," Andy cried, "of all the dirty, low down tricks."

Helen laughed as she read the telegram. Tears rolled down her lovely cheeks and still she laughed. Andy couldn't help laughing with her.

"If they hadn't done it we'd still be angry with each other," she pointed out, "and you wouldn't have your job—and we wouldn't be planning on getting married."

# SOCIETY EVENTS

## Order of Rainbow To Install Officers On Saturday Night

The Antioch assembly Order of Rainbow for Girls will have a public installation of officers at 8 p. m. Saturday at the Masonic temple in which Betty Jean McDougall will become worthy advisor.

The installing officer will be Verna Kufalk, Jane Hunter, marshal; Betty Lou Anderson, chaplain; Johanna Cobb, recorder; Mabel Lou Dow, musician; and Mrs. Howard Hextill, soloist.

June Petersen will be mistress of ceremonies; Mrs. E. J. McDougall, guest of honor; and E. J. McDougall, honored guest.

Charlene Nelson will bear the American flag and Pat Polsgrove the Rainbow flag in the ode to the flags; Margaret Weselius and Judy Gaston will be standard bearers.

The escorts will be Adrian Vanderkloot, Paul Erickson, George Good, Lester Badger, Elmer Hunter, Roy Weselius and Edward Shipman.

Mrs. E. J. McDougall, Mrs. William Terry, Mrs. Paul Erickson and Alice Fox will have charge of refreshments.

## W.S.C.S. to Meet Wednesday; Toured Good Will Industry

The Woman's Society of Christian Service of the Methodist church will meet at 1 p. m. Wednesday at the church basement for a sandwich luncheon. Mrs. W. C. Petty will have charge of devotions.

Mrs. A. M. Stanich will discuss the subject "Why Home Mission Schools." Mrs. Eugene McDougall will be hostess.

Twenty-eight members of the society went by bus to Chicago last Thursday in touring the Goodwill Industries which the society supports.

## WORLD COMMUNION TO BE OBSERVED BY METHODISTS

Joining with Christians throughout the world, The Methodist church in Antioch will observe World Communion Sunday at the 11 o'clock service on Sunday morning. The robed choir under the direction of Mr. Charles B. Watson will sing "O Saviour of the World." Richard Kaufmann will sing, "The Lord is My Shepherd." Two officiating ministers, Rev. Warren C. Henslee, former Antioch minister, and Rev. G. Richard Tuttle, will administer the sacraments. Rev. Tuttle will give the communion meditation. A special communion offering for overseas relief will be received at the service.

Intermediates Elect  
Billy Terry was elected president of the Intermediate Methodist Youth Fellowship last Sunday afternoon. Sharon Gray became Chairman of the 1st commission; Robert Terry of the 2nd commission; Charlotte Beelov of the 3rd commission, and Jean Tegelman of the 4th commission. Sue Birkhead was elected secretary-treasurer and Ruth Birkhead chairman of publicity. Ruth Kufalk and Judy Shepherd were elected as pianists.

The group will meet at 2:30 instead of 3 o'clock on Sunday afternoon for a recreation program followed by the installation of officers.

High School MYF  
Both the Senior and Young People's MYF will leave the church on Sunday afternoon at 3 o'clock for Fox River State Park where they will enjoy games and recreation in the afternoon, followed by a sack lunch and campfire. Bob Wilton will lead an evening campfire service. This week's nominating committee met to nominate officers for the coming year. Thirty-five High school young people attended the hay ride and campfire program last Sunday afternoon.

Family Night Set  
Tuesday, October 11, has been set for the first Family Night program of the Fall at the Methodist church. A committee under the leadership of Mr. George Good has been planning the programs for the coming year. The October Family Night will be a home, talent program which promises to be outstanding. Mr. and Mrs. E. W. Kufalk are working out the details for the evening.

## MRS. E. J. HAYS SPEAKER AT L. L. WOMEN'S CLUB

Mrs. Earle James Hays will give a talk and demonstration on China painting before the Long Lake Women's club Monday afternoon at Long Lake. Mrs. Hays has long been interested in china painting and it has become quite a hobby.

## MILLBURN LADIES TO SERVE DINNER

The Ladies Aid of the Millburn Congregational church will serve a cafeteria dinner Thursday, Oct. 6, at 12 o'clock at the church. This is the first of the noonday dinners for the Fall and Winter season.

### INFANT DAUGHTER DIES IN HOSPITAL

The infant daughter of Mr. and Mrs. Howard Ensign, of Lake Villa Township, died Monday, Sept. 26, at St. Therese hospital, Waukegan.

Baby "Carolyn Ruby" was born August 31 at St. Therese hospital. The Rev. L. H. Messersmith officiated at the graveside service, which was held Tuesday at 2 o'clock.

Interment was in Millburn cemetery. Survivors besides the parents are a foster brother, Robert, her paternal grandparents, Mr. and Mrs. Charles Ensign, of McHenry, and her maternal grandmother, Mrs. Emma Japp, of Kennard, Neb.

Oscar C. Hays, of New York City, spent last week visiting his brother, Dr. Earle James Hays, and Mrs. Hays at their home on north Main Street. Mrs. Evaline Hays, of Chicago, was also a guest of The Hays home last week.

Mr. and Mrs. Fred Berg left Antioch Sept. 11, for St. Petersburg, Fla., where they expect to spend the winter.

Misses Mabel Brogan and Dorothy Ferris are spending this week vacationing in Zanesville, Ohio.

Dr. and Mrs. David N. Deering left this week for a vacation and fishing trip in Canada.

## Mrs. F. Oschmann Leaves England for Norway

On Wednesday evening the village of Little Gaddesden, England, gave a lovely party for our group, they served us delicious refreshments which we all enjoyed, our chorus sang several numbers and all enjoyed the dancing. Miss Talbot, who served us tea and showed us her home on Sunday, planned this party.

Thursday morning we left for Shirems. On our way we visited Warwick Castle, ancient home and strong point of the Earls of Warwick. There, as in many beautiful, old mansions we enjoyed seeing many paintings. We arrived in Shirems in the late afternoon; the scenery in this section of England is very beautiful, the farms all have hedge rows that make them picturesque.

Friday afternoon we visited Attingham Park and enjoyed folk dancing. In the evening we joined a group of Attingham Park-people who had taken a week course in dancing at this beautiful mansion which had the original furniture left in several rooms. Saturday afternoon 25 of our group drove to Wales. The scenery here was beautiful and we enjoyed seeing one of their cities.

On Saturday evening many dignitaries attended a dinner in our honor. The mayor and several men interested in agriculture spoke and six of our group told how we enjoyed England and our impressions of the English people who have been very friendly.

Sunday morning we left for London and on Monday we spent the day in sightseeing. We visited British Museum, Trafalgar Square, St. James Palace, Buckingham Palace at the time of changing of the guard, St. Pauls Cathedral, and saw the crown jewels which were beautiful. Tuesday we spent in shopping. I bought a Dalton dog which will always remind me of England; we also visited Westminster Abbey. Monday evening most of our group saw "Song of Norway" and on Tuesday the Ice Show. Wednesday morning we will leave by train for New Castle, where we will board the steamship "Venus" for Norway.

We arrived in Bergen, Norway Thursday at 3:15, all enjoyed the trip on the "Venus" it was a beautiful ship and the food was very good. Bergen is our first stop in Norway. It is raining almost a blizzard. We were taken sightseeing for an hour and then for tea at a restaurant on top of one of their mountains. At 7:30 we took the train for Oslo. We missed the most beautiful part of Norway, our guide told me, but the arrangements were all made. Friday was spent in sightseeing in Oslo, and also enjoyed the lakes and mountains.

## Donald Duncan, Jr. And Miss Lila Cobb Exchange Vows

A recent wedding of interest was that of Miss Lila R. Cobb, daughter of Mr. and Mrs. Andrew Cobb, of Little Silver Lake, and Donald D. Duncan, Jr., of Waukegan, the son of Mr. and Mrs. Duncan, of Lewis Ave., Waukegan. The double ring ceremony was performed by the Rev. L. H. Shonfelt in the First Presbyterian church.

Escorted to the Altar by her father, who gave her "in marriage, Lila wore a toast colored gown of net over taffeta. Her head dress" was fashioned of net and ostrich feathers over satin in the toast shade. She carried yellow roses.

Maid of honor was Miss Geraldine Gillespie, her gown was of gun metal satin. Her flowers were pink gladioli.

Robert W. Duncan was his brother's best man. Mackie Beeman sang, "Oh Perfect Love," and "The Lord's Prayer."

A reception was held in the Danish hall, Waukegan. The new Mr. and Mrs. Duncan are living at 753 Broadway, North Chicago. Mrs. Duncan is a graduate of Antioch Township High school and Mr. Duncan of the Waukegan high school and the American Television Institute of Technology.

## Library Notes

"Out of My Life and Thought" is the autobiography of one of the world's truly great men. Already famous at the age of thirty as musician, philosopher and theologian, Albert Schweitzer decided to become a doctor and devote his life to healing the sick and suffering among native African tribes. On the edge of the jungle, at Lambere, he built his hospital and found time to continue his study of organ music, writes a series of books, and give recitals and lectures all over Europe to raise funds for his hospital.

"Out of My Life and Thought" was first published in 1933. The new edition has been partially revised and a postscript added to bring the book up to date. Dr. Schweitzer's book was presented to the Antioch Township Library in memory of C. L. Kuttil.

## Miss Swenson Honored Guest At Bridal Shower and Dinner

Mesdames Albert Swenson, Roy Swenson and Verle Swenson were hostesses at a family dinner and bridal shower in honor of Miss Madeline Swenson of Kenosha, Wis. Sunday at the home of Mr. and Mrs. Al Swenson at Little Silver Lake. Miss Swenson will become the bride of Mr. Roger Millen of Media, Penn. October 1. Guests at the dinner included Mrs. Anne Swenson, Misses Mary and Madeline Swenson, Hannah Shostedt, Davis Shostedt, of Kenosha, Wis., Mr. and Mrs. Verle Swenson, Mr. and Mrs. Roy Swenson, Camp Lake, Mrs. Ida Swenson, Mrs. Lyle Mecklenburg, Spring Grove, Mr. and Mrs. Herbert Swenson and Karen Garrison, Elgin, Mr. and Mrs. Francis Swenson and son, Francis, Jr., Patsy and Bonnie, of Whitewater, Wis., Mr. and Mrs. Al Swenson, Robert; George and Nancy. Miss Swenson received many lovely and useful gifts.

## CELEBRATES BIRTHDAY WITH PARTY

Mr. and Mrs. John Delany, of Channel Lake Shores, were host and hostess to a number of their neighbors and friends Monday evening, in celebration of Mrs. Delany's birthday anniversary.

## MILDRED SKIBA, N. F. STOCKWELL WED AT WILMOT

In ceremonies at Holy Name Rectory, Sept. 24, Miss Mildred Skiba, daughter of Mr. and Mrs. Anthony Skiba, of Camp Lake, Wis. became the bride of Norman Stockwell, son of Mrs. Hazel Stockwell, of Salem, Wis.

The Rev. Fr. Harold O'Connor officiated at the 10 o'clock service. Given in marriage by her father, the bride wore a gown of ivory satin, fashioned with a bustle and long train, her fingertip veil was caught to a braided satin band. She carried a bouquet of Pomspons centered with orchids.

Attending the couple were the bride's sister and the groom's brother. Dinner was served to the bridal party at the home of the bride's parents following the ceremony.

The new Mr. and Mrs. Stockwell left for a wedding trip to California after which they will be at home in Salem.

## PAST MATRONS PLAN DINNER PARTY

Members of Antioch Chapter Past Matrons club, Order of Eastern Star, will hold a meeting and dinner at the Colony House, Friday evening. Bridge will be played following the dinner.

Mr. and Mrs. Roger Williams and son, Gary, left Wednesday for two week's vacation and trip to Canada.

Mrs. E. William Strauser of Iowa, was visiting friends in Antioch last week.

## Driver's License Fee Raised to One Dollar

More than 15 per cent of persons applying for drivers' licenses are still unaware that the fee for an operator's license was increased from 50 cents to one dollar at the last session of the General Assembly. Secretary of State Edward J. Barrett has announced.

"Applications which arrive at our drivers' license division accompanied by a 50 cent fee cause inconvenience to the driver and added expense to the State," Barrett said, "because our only recourse is to return the application and fee to the applicant with a request for the proper fee."

"This slows up the process of getting the license to the driver and involves the department in correspondence which costs needless time and money."

## Robert L. Eppers In Training With Fifth Armored Div.

Recruit Robert L. Eppers, son of Mr. and Mrs. Raymond Eppers, of Deep Lake Rd., has been assigned to the fifth Armored Division for fourteen weeks of basic training.

Reactivated July 6, 1948, the Fifth Armored "Victory" Division, hung up a brilliant war record in six European campaigns during World War II. Trainees entering this fourteen week cycle are expected to be among the last before the camp and division close by 15 April, 1950.

Before entering the Army, Recruit Eppers was employed by Antioch Concrete Products as a cement worker.

He is now assigned to Co. "D", 15th Armored Infantry Bn.

## Public Invited to Mass For David V. Lewin, 10

A funeral mass will be held at 10 a. m. Saturday, Oct. 1, at St. Peter's church for David V. Lewin, aged 10, of 950 Hillside ave., who died Sunday, Sept. 15.

A private service was held Wednesday, Sept. 21, at the Strang funeral home with interment at Mt. Carmel after which the family went into voluntary quarantine because of the nature of the boy's illness, poliomyelitis.

The public is invited to the mass.

**Polio Fund Total \$618.69**

Ed Greens, chairman of the special polio contributions drive has placed in the Antioch News window a card containing the acknowledgment of the receipt of \$618.69 from this village for the polio fund by the county secretary, Mrs. K. B. Porter. The amount was considered very good.

The McHenry Plaindealer has been leased from Mr. and Mrs. A. H. Mosher by the B. F. Shaw Printing Co., of Dixon, Ill., owners of the Woodstock Sentinel and the Dixon Evening Telegraph. The Mosher has published the Plaindealer for 25 years. They will continue to live in Woodstock.

## BUS. &amp; PROF. WOMEN'S CLUB TO HAVE DINNER AT THE IVY HOUSE

The Antioch Business and Professional Women's club will open its new season Monday, October 3, with a dinner at 6:30 at The Ivy House, located 1 mile west of the Salem, Wisconsin, school house.

Reservations for the dinner must be made by Friday evening, Sept. 30 with Mrs. Shirley Edwards, Telephone 92-W.

Calvin Harden, Harry Nelson, Chuck Rigby and Harold Gaston are expected home this week after spending several days fishing in Canada.

Mr. and Mrs. Louis Beil, of Channel Lake Shores are vacationing in Florida. They expect to return home in about a week.

Mrs. Frank Willett recently returned home from St. Therese hospital, Waukegan, where she was a surgical patient.

**"Miss Bowles"**

"Love Me, Love My Dog," isn't a modern saying, as it is generally believed, but the name of a picture by the famous classic artist, Sir Joshua Reynolds. According to childcraft, books, the picture, commonly called "Miss Bowles," shows a wide-eyed, little girl hugging a sad-eyed mongrel dog. The famous English painter was born July 16, 1723.

**New Hollywood Fad**

Tiny skullcaps for evening wear is the latest Hollywood fad.

## REDS COMPLAIN

## Upright Man In Bad Shape

MOSCOW.—The government newspaper Izvestia complained today against a Soviet biologist who held that man started on the downward path when he began to walk on his two legs.

This scientist, the paper said, is "an ignoramus."

The biologist, Izvestia said really was a former pro-Czarist officer who had managed to worm his way into Soviet science circles.

S. D. Antipin, chief of the department of biology and the Kishinev medical institute, was the challenged scientist.

Izvestia said he had advanced this theory:

Man's greatest tragedy occurred when he ceased to walk on all fours and cut himself off from the animal world by assuming an erect position. If man had continued to walk horizontally, and rabbits had learned to walk vertically, many of the world's ills would not exist.

**Attacks Scientist**

Boris Lavrenev, Izvestia writer, scrutinized Antipin's career, and said he is a former soldier in Admiral Kolchak's White Guards, fought the Red army and then, when Kolchak was defeated, managed to pass himself off as a "biologist."

Lavrenev said Antipin taught at various medical and veterinarian institutions until he landed his job as a department head at Kishinev.

Citing some choice Antipinisms, Lavrenev quoted, "Every four-legged animal excels man. Since man raised his head up, he lost his sense of smell and by using artificial meat grinders instead of his own teeth he has weakened his chewing equipment."

Because of man's vertical position his internal organs are piled one atop another like the floors of a building, Antipin held, and his lungs are not properly ventilated, hence he is subject to tuberculosis.

"As the descendant of a four-legged animal, man is constructed on the horizontal principle and thus, by becoming vertical, he is as curious as a steam engine, rolling along on its back wheels," Antipin was quoted.

**Dislikes Mouth**

Lavrenev said Antipin was especially displeased with the human mouth and fulminated against women's lips.

"No wonder many women paint their lips as if to say—see I'm human, not a monkey," Antipin said.

Lavrenev said Antipin's magnum opus was entitled, "Rebuilding human organism on a horizontal principle, on the harmfulness of walking on the hind legs, and placing rabbits in a vertical position so as to lengthen their furs."

Lavrenev described Antipin as "an ordinary adventurer, crook, and ignoramus, slavishly addicted to idiotic Morganistic (Morgan is one of the leaders of the discredited Mendelian genetics school) ravings, having nothing in common with science."

## Idols Washed In from Sea Plague Indian Magistrates

BOMBAY, INDIA.—Four idols were washed ashore on the Bombay beach. They were picked up by Hindu pandits, set under a pipal tree and worshipped.

Three of them were 18 inches in height and the fourth 9 inches. The first was the elephant-headed god, Ganesha, the awarder of all luck; the second the monkey god, Hanuman, who fought under Rama for the recovery of his wife, Sita, from the demon king in Ceylon, Ravana; the third of Nandi, the bull on whom god Shiva rides, and the fourth has not yet been identified.

None could say how they came to be washed ashore, but they are giving headaches to two officials—the curator who wants them for the museum if no one claims them, and the magistrate-collector who must accord permission if the people want to worship them.

## Physicians Give Patients As Good Care as They Get

CHICAGO.—Physicians give their patients as good medical care as the doctors give themselves, the Journal of the American medical association asserts.

It is said that a survey by Frank G. Dickinson, director of the association's bureau of medical economic research, showed that the average age of American physicians at the time of death was 67.3 years, as compared with 67.5 for the average white male.

Heart disease accounted for 42.2 per cent of the deaths among physicians studied, as against 38.9 per cent of the deaths among white males of comparable ages.

Cancer, second leading cause of death in this country, ranked third among physicians probably because of ability to recognize symptoms early and begin treatment promptly, the Journal said, adding:

"Apparently the members of the medical profession cannot give their fellow members longer life than their patients enjoy."

## Fishermen Soviets In Need

MOSCOW.—The newspaper Evening Moscow wants Moscow public opinion to mobilize in support of improvement of conditions for Moscow fishermen.

The newspaper reported that Moscow's fishermen are no sissies. All they need is shelter in rainy weather, boats, bait and a glass of hot tea. Thousands of Muscovites are addicts of Izaak Walton and the Moscow region abounds in good fishing spots.

Evening Moscow said many places do not provide live bait and even ordinary worms are unobtainable frequently. Boats also are nonexistent at some fishing spots and on popular Senzshsky lake last summer only 50 boats were provided, with another 50 tied up on shore too leaky to put in the water. The newspaper proposed that ponds in Moscow's Izmailovo park be opened to fishing and that a special direct bus service from Moscow to the fishing spots be established.

## Democratic Mascot, Replacing Old One, Bears Name 'Francis'

JEFFERSON CITY, MO.—Francis got a Democratic sendoff.

Francis is the new Democratic party mascot, stepping into the horseshoes of Marilla, the donkey which served the party faithfully for years before her recent demise.

Francis left for Washington after a farewell appearance with Gov. Forrest Smith, a man who knows good mules and good Democrats when he sees them.

Smith said he was certain Francis was a good Democrat, all right, and that the party's fortunes would be in good hands with her as the mascot.

She was born and bred a Democrat, Ed Frazier, Drexel, Mo., told Smith. The mule was purchased by Democrats here for \$225 to become the party national mascot.

Frazier said he knew President Truman well. He figured he was doing him, and the party, a good turn by selling Francis into the Democratic service. Francis left here, wearing a large sign which proclaimed:

"Greetings from Missouri—home of good mules and good Democrats."

Francis was airlifted from Kansas City to Washington.

## 'Cargo Corps' Pilots Fly Many Strange Haul Items

MIAMI, FLA.—The "cargo corps," an inner circle of pilots and copilots, many of whom welcome the change from clockwork passenger flights over routes that have become as familiar as the postman's, are flying many strange things today.

Come aboard with Capt. Robert F. "Bob" Pfaff and first officer Truman "Slim" Cummings, of Pan-American World Airways cargo clipper division.

They started from Miami with 12,000 pounds of wearing apparel—mostly brassieres—for Barranquilla, Colombia. There they picked up a load of bulls for bullfights in Caracas, Venezuela.

That night they were ordered to fly up to San Juan, Puerto Rico, to get some oil well equipment from New York urgently needed in Venezuelan oil fields.

Pfaff and Cummings had headed back to their home base at Miami when a radio message intercepted them over the Caribbean.

"Go to Port of Spain (Trinidad) for rush shipment to Miami," it said.

They swung around for Port of Spain, loaded the cargo and more gas and took off for Miami.

The shipment was destined for Allentown, Penn. At Miami the cargo was transferred to another P.A.A. clipper that had arrived only three hours earlier from the factory, where it had been modified for cargo service.

The new clipper delivered the shipment to Allentown, then swung over to New York to pick up a load of assorted merchandise for Latin America.

Flight crews of the air freighters are skilled airmen, trained in all aspects of air cargo from customs forms to import licenses, loading, stowing and unloading.

## Youngsters Prefer Jobs In Modern Activities

MILWAUKEE.—Once upon a time almost all little boys wanted to be firemen or policemen. Nowadays, they want to be radio broadcasters, engineers, physicians or dentists.

Authority for this statement is Mrs. Esther Hamilton, chief of the education department of the public library. Mrs. Hamilton is responsible for supplying information on all phases of all careers to library visitors trying to make up their minds on how they wish to direct their lives.

Most of her inquiries come from high school pupils with the college students running second. But the grade school pupils, too, are already planning their future and come in for information as to qualifications, pay ranges and competition.

The career department has over 500 books and thousands of pamphlets on various occupations.

## HEALTH PROGRESS

## Newest Drug Fights Fever

LOUISVILLE, KY.—The army believes chloromycetin will make the country much safer against typhoid in wartime.

This was indicated by Col. William Spencer Stone, Washington, chief of army medical research, who came here to discuss communicable-disease control in a lecture sponsored by Alpha Omega Alpha, medical fraternity of the University of Louisville school of medicine. Colonel Stone was graduated at the U. of L. medical school in 1929.

Colonel Stone pointed out that enteric diseases—those transmitted by food or water—are being given special attention by army researchers. The diseases have low incidence now, he said, but if safeguards such as water and milk controls were lifted, the number of cases would skyrocket because the population has developed little immunity.

In a similar situation, a breakdown of water sanitation caused 5,000 cases of typhoid in Berlin after World War II.

## Drug Fights Typhoid

Chloromycetin would play a big role in case of a similar threat to the health of the people in the U. S. Should water protection fail, the drug could hold the fort against typhoid until proper purification safeguards could be set up again.

Chloromycetin is rapidly being developed to the point where it can conquer these diseases in two days: Typhoid, typhus, Rocky Mountain spotted fever, undulant fever, and others.

It is an antibiotic which means it prevents reproduction of germs instead of killing them. It is the purified extract of a fungus found in a soil in Venezuela.

Scientists under Colonel Stone's medical research and development board discovered potentialities of using the drug against typhoid and some other diseases.

## Ray Method Used

Experimenting in another direction, his researchers have developed an ultraviolet-ray method of disinfecting blood plasma to prevent jaundice being transmitted by it. Heretofore, Colonel Stone said, about 5 per cent receiving plasma ran the risk of getting jaundice, too. The army collaborated in this study with the University of Pennsylvania.

Colonel Stone said army scientists keep foremost in mind the status of diseases as related to the entire population so they can estimate what would happen in case of an "adverse situation."

As contrasted to enteric diseases which are fairly well controlled now, respiratory diseases are as prevalent today as ever. There are better treatments, Colonel Stone said, but the city-rural populations mingle more and cause greater spread of infections. Respiratory diseases also occur at a relatively younger age now, he reported.

## Pacific Coast May Expect Another Large Earthquake

WASHINGTON.—The U. S. Pacific coast is headed for another large earthquake, or a series of small ones, Dr. Beno Gutenberg, director of seismology at California Institute of technology, says.

"When, where, or why" the earthquake action will occur cannot yet be determined, he said. But, he added, "we know something is going on" because subsurface strains are increasing from Oregon to the Gulf of Lower California off Mexico.

He made his statement in presenting a paper on earthquake action prepared by Dr. Hugo Benioff of Cal. tech. His prediction was based on Benioff's charting of earth movements on the Pacific coast.

Gutenberg said Benioff's charting has shown that the distortion of the subsurface and resulting strain, which was released by the San Francisco earthquake of 1906, is building up again.

Recent Pacific Northwest quakes bear no relation to the Pacific coast movement he said. The Pacific coast movement is in a zone known as the San Andreas fault while the Pacific Northwest quakes are believed to be part of an Alaskan fault.

## Seagulls Able to Identify Planes of Friendly Pilots

SYDNEY, AUSTRALIA.—Seagulls at the Rose Bay flying boat base can identify the four-engined Sandringham seaplane used on the Tasman sea flights to New Zealand from others using the base.

When a Tasman plane approaches Sydney, the gulls take off with glad cries, to meet it and escort it to base. Other flying boats they ignore.

There is almost no visible difference between the Sandringham and the Hythe flying boats which also use the base, but the gulls know every time. The birds are fond of the Tasman planes because maintenance men throw overboard scraps of food when servicing the plane at the base.

## Leroy C. Ioas, Chicago, Will Lecture Sunday at Matthisen-Winters Home

Leroy C. Ioas, Chicago, will lecture in the interest of world unity and peace at 3:30 p. m. Sunday at the home of the A. F. Matthisen's and Robert Winters at Highway V, Bristol township, Wisconsin.

Mr. Ioas, traffic manager of the Southern Pacific railroad is a former resident of San Francisco, but about three years ago was transferred to the Chicago office.

In addition to his many associations in the railroad world, he is a member of numerous business men's clubs, including the Union League club and the Rotary club of Chicago.

He is one of the internationally known speakers for Baha'i World faith. In May of 1948 he was sent to Geneva, Switzerland as one of the five selected representatives of the faith at the United Nations conference on Human Rights.

From Antioch to reach the Matthisen home it is advisable to turn east on North Ave., and after crossing the Soo tracks take first left turn, follow this road to the first right turn and go east to the first place on the left side of the road.

## Lightning's Chances

According to Westinghouse data, an isolated building 100 feet square and 30 feet high is likely to be struck by lightning on the average of once every 10 or 15 years. By the seemingly simple precaution of putting a mast or lightning rod 55 feet high on top of the roof, the building itself then would be hit only once in 3,200 years. The mast, however, would be struck every three years—with no damage resulting.

## Length of Chile

Chile is nearly 25 times as long as it is wide. This ribbon of a country runs through an extraordinary variety of climates, notes the National Geographic society. In the north is a completely rainless region, which gives way to semidesert, then to a richly fertile and populous central area, and finally to the cold, wet and wild southland that looks toward Antarctica.

## Bronze Age Pins

Back in the Bronze Age, more than 2,000 years before Christ, pins strikingly like the safety pins of today were in wide use. Museums contain numerous examples of these relics, made with typical spring and catch, with plain or open points.

Mr. and Mrs. Oliver I. Balza, of Moline, Ill., announce the birth of a son, Sept. 23, at St. Luke's hospital, Davenport, Ia. She was the former Bernice Harms.

## WILMOT SCORES 21 TO 6 WIN OVER MUKWONAGO

Scoring in every quarter but the second period, Wilmot high school Panthers opened the Southeastern conference Friday evening with a 21 to 6 victory over Mukwonago on County Preps' gridiron.

Coach Frank Bucci's charges took control of the situation early in the contest when Watson Hubbard, Wilmot co-captain scored on an end-around play and booted the point for 7 to 0 lead in the first quarter. The attack stalled temporarily in the second period, although Wilmot marched to the Mukwonago six-yard stripe on two occasions before having their drives halted by fumbles. In the third period Wally Skora culminated a long march by the

Kenosha county preps, scoring on capped a sustained march by Wilmot with a 50-yard dash for their yard converted again to run the Wilmot touchdown. Bucci then in-score to 14 to 0. Shortly after the set most of his third-stringers at last quarter opened Phil Brehm this point and with less than two

minutes remaining Mukwonago scored on a pass play which covered eight yards. Howard Porter, visitor

fullback, flipped an eight-yard aerial to Bill Smart in the end zone for the tally.

# We live up to your Buick's promise!

FOR sure, at this time of year you want a full measure of real driving sport from your Buick—an eager answer to your toe on the gas treadle, softly obedient brakes, a willing wheel that steers for you without effort. Let's just say—you want the royal ride that only a Buick can give you!

All this you'll get and more, if your Buick gets the care it deserves. Not just a peek here, a poke there—but Buick care! Our kind of care!

You don't pay any more for Buick-experienced workmanship and know-how, or for our Buick-trained skills, or for the fact that every part, every adjustment and operation is just what the factory has specified.

Yet there's a thrilling difference in the way your Buick behaves under our careful care. Bring it to us next time you want lubrication, or an adjustment, or a thoroughgoing checkup—and give yourself a mighty pleasant surprise!

## You get 2-for-1 with Lubricare

One of our biggest bargain-offers is Lubricare—complete, elaborately thorough lubrication plus a stem-to-stern checkup of your Buick and its general health. Pay us just for the lubricants it needs; the diagnosis is a service we're glad to give! How about driving in this week?

### HICKORY

Wilbur Hunter and son, Gerald, spent Saturday at the Railroad Fair in Chicago.

Mrs. Gordon Wells and son, Everett, were Waukegan visitors on Saturday.

Mr. and Mrs. A. P. Wells, of West Street, Waukegan, were dinner guests Sunday at the Earl Crawford home.

Thursday evening supper guests at the John Strahan home were Mrs. Joe Adams, Mrs. John Reynolds and Mrs. Arthur Kelly, all from Wadsworth.

Mrs. Eva Alling, of Waukegan, visited the Bert Edwards home Sunday afternoon.

Mr. and Mrs. Curtis Wells called

at the Savage home in Millburn Sunday afternoon.

Mr. and Mrs. Charles Turnock, of Milwaukee and Mr. and Mrs. Ray Bishop of Kenosha, are enjoying a motor vacation trip to Florida.

They visited their uncle Frank Tillotson and his daughter, Ruby and family at Miami.

Sunday supper guests at the John Strahan home were Mr. and Mrs. Frank Strahan, of Gurnee, and Lt.

and Mrs. William Strahan and children, of Farnsworth.

Mr. and Mrs. Curtis Wells visited Mr. and Mrs. David Pullen of Zion at the Don Anderson home in Antioch Saturday evening.

**'IN A BLINDING FLASH'****'The Blind Shall See...'**

HOPKINTON, MASS.—His sight suddenly restored—"in a blinding flash"—after 18 years of total blindness, Edward R. Ray, 63, finds that "everything looks so rich and bright—faces, flowers... even the sky on a gray day."

The first thing he saw was his brother-in-law's face. It looked wonderful—"wrinkles and all."

Surprised at Grandchildren  
Then he was able to see his wife again. She hadn't changed at all, he said. His daughter, now grown up and married was "even better-looking than they told me."

But the greatest surprises were his two grandchildren, Joan, 6, and Edward, 3. Both were entirely different from the picture in his mind's eye.

"From their voices I had pictured Joan as having a heart-shaped face. It's as round as a moon. Ed is real chubby instead of wiry."

Ray continued treatments for his blindness although seven years ago doctors told him he probably never would see again. There is only one drawback to the miracle of returned sight.

Can't Judge Distance  
"I just can't seem to judge distance," he said. But he expects that to clear up soon—like his vision.

Ray lost the sight of one eye and all but one-tenth normal vision in the other through an accident when he was 9. Then in 1929 his 15-year-old son drowned. The shock evidently was so great, doctors said, that Ray became completely blind.

**Have You Heard About The Bulls and the Bees?**

ROME—If you haven't heard about the bulls and the bees, then you can learn a lot from this tale: There was a marriage at a farm near Naples the other day, and the guests were gathered at the table for the wedding feast. Outdoors, Francesco Minniti, 5, all dolled up in a red suit for the occasion, played in a field. A bull spotted him.

Francesco fled into a nearby automobile. The bull charged, missed, and hit a beehive. The bees got mad and chased the bull. The bull ran into the house, and on to the dining room. The guests jumped out the windows and into a water-filled ditch. The bull followed. The cool water calmed him down. Nobody was hurt.

**Honeymoon of Lad, 18, and Bride, 44, Ends Abruptly**

MIAMI BEACH, FLA.—Federal narcotics agents abruptly interrupted the honeymoon of an 18-year-old youth and his 44-year-old bride when they arrested the latter on charges of fraudulently obtaining narcotics prescriptions from a Miami doctor.

The bride is Mrs. Katherine Bogart. "Our honeymoon is definitely ended now," she told reporters.

Herman Bogart, her youthful husband, said, "We love each other very much. I guess we'll stick together. We figure things will work out that way."

Bogart said he and his bride eloped from Gary, Ind., and were married in Charleston, S. C., on June 10. They came here for their honeymoon.

**Air Propulsion Soon May Power Barges in Italy**

ROME—Airplane propellers soon may be used to power barges plying Italy's northern inland waterways.

In this way it is proposed to make use of the old Venetian canals whose walls, built centuries ago, could not resist the wash from conventional underwater screws.

The idea of using air propulsion was presented to the recent inland waterways conference in Padua by Prof. Luigi Sante Darios, who has made a long study of the problem of adapting the ancient waterways to modern navigation needs.

**Man Never Cashed Pay Checks for Five Years**

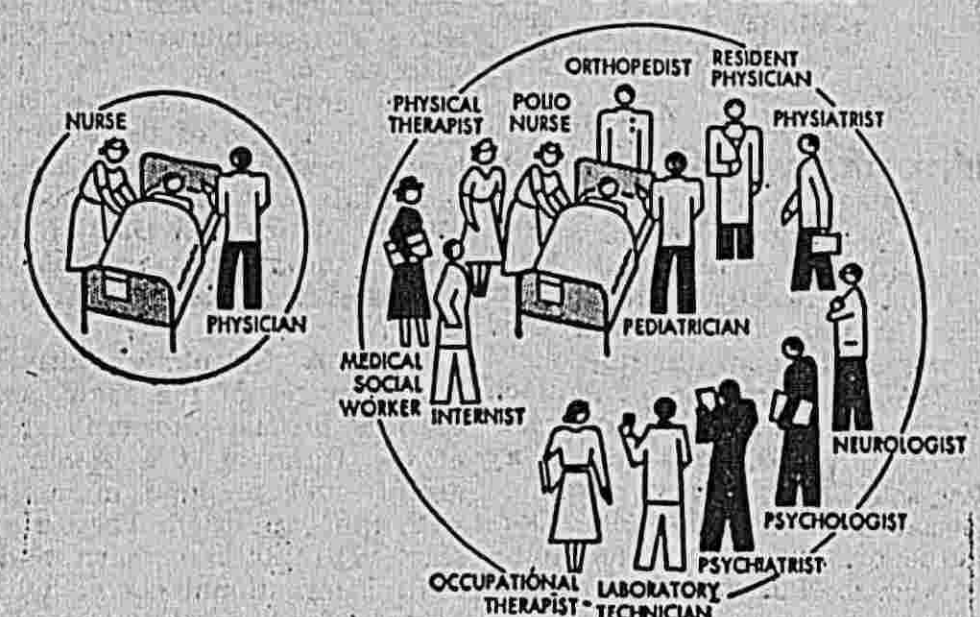

WEST CHESTER, PA.—When 70-year-old Harry G. Lamborn died, unopened weekly pay envelopes dating back to 1944 and containing a total of \$8,291, were found in his one-room apartment.

Lamborn, a former factory worker, hoarded the envelopes in a paper box. His will, written on a scrap of wrapping paper, left \$2,500 of his estate to Mrs. Mary A. McLearn, his landlady. Attorneys said the residue probably would be divided among Lamborn's nine first cousins.

**Auto Racing Replacing Bullfighting in Spain**

MADRID—Speedway racing is rapidly replacing traditional bullfighting as the national sport in Spain.

So, at least says Senor Gregorio Brendis, who promotes dirt-track racing in Madrid and recently visited Glasgow looking for new talent.

**DECORATION APPROVED I****GROWTH OF POLIO CARE TEAM**

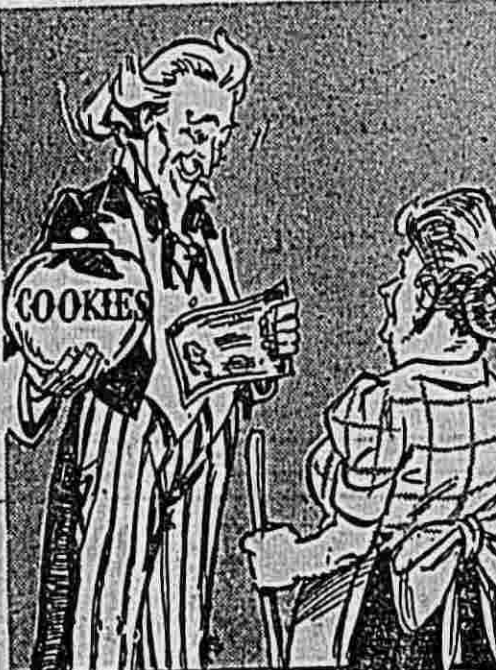

1938

1949

Medical care for polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly, as the accompanying chart reveals. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost National Foundation Chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support the POLIO EPIDEMIC EMERGENCY DRIVE to help care for today's polio patients. Send your contribution now to POLIO, care of your local Post Office.

**Polio Precautions**

The golden rule of personal cleanliness should be observed particularly in the usual summer polio epidemic months. Food should be kept tightly covered and safe from flies and other insects. The same applies to garbage, which, where other disposal facilities are lacking, should be buried or burned.

**THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS****Uncle Sam Says**

During the years America was growing up, Grandma hid her savings in the old, cracked teapot, the tin canister, or even that old horse-hair mattress. This was the hard way to save and her denials of many things to build those savings sometimes came to naught. Thieves, fire or other hazards wiped out her savings in a jiffy. Today we have the finest and surest way ever invented to build security for the future—the U. S. Savings Bonds way. This means you can put aside, every pay day, part of what you earn by signing up for the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank. Either way, you get back \$4 for every \$3 invested in just ten years.

U.S. Treasury Department

**In Case of Fire**

It is always dangerous to remain in a burning building. Fires often spread rapidly and cut off escape and are likely to generate poisonous gases.

**Margarine**

To make margarine spread smoothly without tearing bread, soften at room temperature or cream with a fork. Do not melt because this makes the fat soak into, rather than spread on the bread.

**This Week's Bible Verse—**

Proclaim Liberty throughout the land and to all the inhabitants thereof. Leviticus 25:10. This verse is inscribed upon the Liberty Bell now resting in Independence Hall, Philadelphia.

**The Oyster and the Eagle—**

When God made the oyster, He guaranteed him absolute economic and social security. He built the oyster a house, a shell to protect him from his enemies. When he is hungry, the oyster simply opens his shell and food is washed in. Now when God made the eagle, He said, "The sky is the limit—go build your own house." And the eagle built it on the highest crag where come rain, storm or sunshine, snow, or clear skies, he flies miles for his food. The eagle is the emblem of America—not the oyster.

**Quips—**

Remember, when you point your finger accusingly at someone else, you've got three fingers pointing at yourself.—Socony Vacuum Refinery.

"When a businessman makes a mistake he has to pay for it or go out of business. When a bureaucrat makes a mistake, he smilingly files it away and tries another theory."

A man and a woman want about the same things out of life. He wants all he can get and she wants all he can get.

One tried and sure method of getting your wife home from an out-of-town vacation is to send her a copy of the local paper with one item clipped out.—The Welfarer.

**This Week's Recipe—**

**COLD BAKED BEANS.**—When there's a half cup or so of cold baked beans left in the refrigerator add a little finely chopped celery and a couple of table-spoons of pickle relish to them and use as a sandwich filling. The beans may be left whole or mashed.

**GETTING JUICE FROM ONION.**—To extract juice from an onion, slice a piece from the bottom of the onion; then twist the onion gently while pressing on a lemon squeezer. Do not remove the skin. Do not use metal squeezer as it will retain the onion flavor.

**Smiles—**

The proprietor of a certain New York restaurant didn't have much money for advertising purposes, so he bought the biggest fish bowl he could get, filled it with water, and put it in the window with this sign: "Filled with invisible goldfish from Patagonia." It took ten policemen to keep the crowd moving.

"So you are a young man with both feet on the ground?" "What do you do for a living?" "I take orders from a man with both feet on a desk."

Magistrate: "You cannot drive now for two years, for you're a danger to pedestrians." Defendant: "But, your honor, my living depends on it." Magistrate: "So does theirs."

A midwest draftee claimed exemption on the grounds of poor eyesight and brought his wife as evidence.

**Why Barns Are Red—**

Early in the last century, farmers recognized that natural earth pigments of the red iron oxide type were readily available, and, when mixed with oil, made a good, long-lasting paint. In more recent times, many farmers have used other colors of paint on barns, but the red barn continues to accent the landscape in large areas of rural America.

**This Week's Quizzer—**

Emergency  
Polio Drive

ANTIOCH SERVICENTER  
Antioch, Ill.

**Expanding Steel Industry**

The steel industry of the United States, which already produces more steel than all other countries of the world combined, is expanding its capacity so that all of us can have more of the things we need and want. This expansion is being carried out despite the current problems of scrap shortages, low grade ores, inferior quality coal, and other supply difficulties. It is being carried out despite billowing costs in an inflationary economy.

**Thomas Chippendale**

Thomas Chippendale was at the height of his fame in 1754, but his influence on furniture design lasted until 1770 in England and until the close of the century here. His furniture was noted for perfection in joinery, exquisite carving and richness of finish. Chippendale reproductions are important in today's market, but the trend is away from the ornate and to the simpler or modified forms.

**Origin of Canary**

The canary, holding its popularity as a caged songbird, takes its name from its native locale, the Canary Islands. The name stems from canis, the Latin word for dog, perhaps because of the dog-head shape of Tenerife, largest isle of this Spanish group.

**Poison Ivy Exposure**

If you contact poison ivy, wash the exposed skin promptly with laundry soap, gasoline or kerosene. Apply a 10 per cent solution of Potassium permanganate to scratched or itching places, being careful to keep it away from eyes, ears or nostrils. Baking soda or epsom salts dissolved in water will sometimes ease the discomfort. For severe cases, see a doctor.

Mrs. Frank Moser, who underwent an operation last Friday at Victory Memorial hospital, Waukegan, expects to return home the latter part of this week.

## November 1 Deadline for Reassigned License Plates

Springfield, Ill.—Secretary of State Edward J. Barrett today repeated his reminder to motorists that the deadline for applying for reassignment of this year's auto license number has been moved forward one month by action of the recent General Assembly.

The previous deadline date of December 1 was changed to November 1 by an act passed by the 66th General Assembly and signed by the Governor.

"So that no one will be disappointed in not getting their license number reassigned," Secretary Barrett said, "I urge them to keep the new date in mind. The moving up of the date will enable this office to start mailing plates one month earlier, thus getting the majority of plates into the mail before the Christmas mail rush which has slowed up the process of getting licenses to car owners in previous years. Please remember the new date, Nov. 1."

## Ravenglen Dairy Herd to Show at International Dairy Exposition Oct. 8

Indianapolis, Ind.—Ravenglen Farms, of Antioch, has sent in the entry for 19 head of cattle to compete in the first International Dairy Exposition to be held at the Indiana State fairgrounds here October 8 through 15.

The entry is for the Holstein breed. It is one of the seven dairy breeds which will compete for a potential purse of \$81,000 in the "World's Fair of the Dairy Industry." This is the greatest amount of premiums ever offered in a dairy cattle show.

Oscar A. Swank, executive general manager of the show, announces that official international shows of the three of the seven breed groups will be held in conjunction with the exposition. They are Ayrshire, Milking Shorthorn and Red Poll. International shows will also be held for the other four—Jersey, Friesian-Holstein, Guernsey and Brown Swiss.

All show classes will be official classes of the Pure Bred Dairy Cattle Association, designated by the association.

Altogether there will be five big shows in the exposition proper—the senior show for judging, in each breed classification, an invitational national 4-H Club and Future Farmers of America junior dairy show for a minimum of \$10,000 in prizes; a producers show of commercial exhibits; a "Festival of Dairy and Related Foods"; and an evening show of outstanding international entertainment, featuring the Royal Canadian Mounted Police Musical Ride and a hippodrome of circus acts.

The Ravenglen Farm show herd left Antioch Aug. 10, and showed at the Illinois State Fair, Wisconsin State Fair, Iowa State Fair, Indiana State fair, Kentucky State fair and returned for a week, loading out

Sept. 28 for Waterloo, Iowa and the National Dairy show. After that it will go to Indianapolis, Ind., for the International Dairy show.

## Game Poachers to Have Tough Time This Season

Game poachers will have about as much chance of escaping notice in Lake county this year as a flock of mallards at Grass Lake.

That, at least is the conviction of Sam Carney, Jr., new chief enforcement officer of the Illinois Conservation department, who just completed a two-week teaching assignment at the state conservation school, Lake Villa.

Carney revealed that the conservation department recently adopted a new three-way radio system which links airplanes, autos and boats.

The key to the new method is radioconcoiter planes, the purpose of which is to spot game law violators, and a battery of walkie-talkie radios of the type used by the armed forces in World War II.

Carney said a pilot-warden upon spotting a violation from aloft radios a message to ground forces in the vicinity. If the violation occurs on the water, a warden in a radio-equipped boat is dispatched to the scene. If the violation is on the ground, a warden in auto picks up the message and is directed to the spot.

This method, Carney declared, is virtually foolproof. Strategically placed wardens can swoop down on a violator before he is aware he has been seen, the enforcement officer said.

The system recently was illustrated here by the arrest of two Lake Forest men who, wardens said, were pot-shooting at ducks on a farm pond near Millburn. One of the men was fined \$75 and the other \$25.

Their arrest, Carney said, is an example of what all violators may expect.

"I don't care who the individual is. If he breaks the game law, he will be arrested and the law applied to him."

Carney concluded by advising all hunters and fishermen in the area to study the game and fish laws carefully before going afield.

## Legal
